

NETCONNECT

Get rewarded
for every single
license sold!

*Conditions apply

We're extremely excited to have launched on the Ingram Micro Cloud Marketplace and as an introductory offer we'd love to reward you for every single annual license of NetConnect sold via the Cloud Marketplace, until December 31, 2018!

WHO

Any registered
NetConnect partner

WHAT

Any 12-month
license sold

WHEN

Before
December 31, 2018

REWARD

\$10 visa
card

<https://northbridgesecure.com/deal-registration/>

In order to be rewarded the opportunity must be net new and registered on our website via the Deal Registration form prior to the order being placed. Rewards will be dispensed following order placement and transaction completion.

See page 2 for details and Terms & Conditions

So what's this promotion all about:

- You, this promotion is all about you! We will reward you with \$10 for every single 12-month NetConnect license transacted via the Ingram Micro Cloud Marketplace until December 31, 2018.
- That's right, every single license. That means an order of 10 annual licenses will get 10x \$10 reward credits (i.e. \$100!).
- What's the catch you might ask? No catch - you just need to register the opportunity prior to the transaction via our Deal Registration page on our Partner Portal.
- You need to be logged into the Partner Portal to access Deal reg page. If you're not yet registered on our Partner Portal you can do so at northbridgsecure.com.
- Once the order is transacted you will receive a VISA Gift Card with the total value of the \$10 credits you earned for the order.

Now for the dreaded fine print: This promotion is valid until 31st of December, 2018. The promotion is valid for registered Northbridge Secure partners only. Only deals registered via our website will be rewarded. Only 12-month (annual) licenses are eligible for this promotion. The reward (total amount of \$10 reward credits) will be dispersed after the order transaction in the form of a VISA gift-card.
